DRESSED - THE SOUNDTRACK

DRESSED is the story of fashion designer Nary Manivong, who defied the odds amidst a broken childhood, homelessness and a fiercely competitive industry to pursue his ultimate dream -- a show of his collection at New York Fashion Week. Using the universal language of music as a means to keep up his spirits, the **DRESSED** soundtrack is a perfect embodiment of Nary's love of art and music. Handpicked by Nary and the producers of **DRESSED**, the soundtrack album comprises a collection of emerging independent artists who share Nary's passion and love of their craft.
